

OVERVIEW

of the Journal of Operator Theory

Journal of Operator Theory is published by the *Theta Foundation* in Bucharest with the cooperation of the *Institute of Mathematics "Simion Stoilow" of the Romanian Academy*, and edited by:

H. BERCOVICI, A. BÖTTCHER, M. DĂDĂRLAT, STEFAAN VAES, and F.-H. VASILESCU.

The *Journal of Operator Theory* is rigorously peer reviewed and endeavours to publish significant articles in all areas of operator theory, operator algebras and closely related domains. Two volumes are published each year and each volume consists of two issues.

The *Journal of Operator Theory* was founded in 1979 by C. APOSTOL, R.G. DOUGLAS, C.M. PEARCY, and D.V. VOICULESCU as an international journal published by INCREST in Bucharest, Romania, and distributed by the American Mathematical Society. From 1990 and until 1996 it was published by the Institute of Mathematics of the Romanian Academy and since 1996 by the current publisher.
